## INTERNAL INVESTIGATION INTO UNSECURED PROPERTY

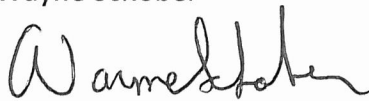

During the week of December 3, 2018, I was approached by Corporal Zachary Zage #110. Zage stated to me that while he was in Interrogation Room 2 he found one round of ammunition sitting on the desk next to the phone. He handed over to me one 380 caliber round of ammunition.

On December 10, 2018, I started to investigate this matter in regards to a violation of detention procedures. I instructed Terry Peters, record clerk for the Norridge Police Department, to review video footage from Interrogation Room 2 and obtain footage of the last time an officer was in the room (prior to Corporal Zage). Peters was able to find the last time prior to the week of December 3<sup>rd</sup> that an officer was inside Interrogation Room 2. Peters made a copy of the video onto DVD and gave me the DVD.

The date that the DVD referenced was November 30, 2018, at approximately 2330 hours. While playing the video for that date and time I noticed Officer Samuel Rosado #22 bring a prisoner into Interrogation Room 2. During this time Rosado conducted a search of the prisoner's property. While doing so officer Rosado removed an item from her property, looked at it, and eventually placed it on the desk in the room. The item placed on the desk resembled a round of ammunition. At one point while Rosado was in the room sitting at the desk, he moved the item closer to the phone. After time the video showed Rosado and the prisoner leaving (most likely the prisoner was released after being charged). However, Rosado left the round of ammunition on the desk after he exited the room and never returned to retrieve it.

I forwarded this matter to the Chief of Police for review.
